Education Code Section 76401, 76355

Student Health Services is staffed by health care professionals who are trained to assist students with medical information/issues in a confidential manner.

Student Health Services is supported by the health fee paid at the time of registration. There is no charge for students to consult/visit the office staff including the medical doctors, nurse practitioners, registered nurses, and psychological counselors. There are, however, minimal fees for additional services, such as lab tests, immunizations, and prescription medications.

Pursuant to Section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Fee waived. Applications for waiver are available in the Student Health Services Office and online. Students may have their health fee waived if they are approved for a Board of Governors Fee Waiver.

A student's medical records and all discussions with the student health services staff are completely confidential. Records are only released with written consent of the student, unless required by law.

~~The services provided by Health Services:~~

- ~~• Clinical Care Services — basic primary care, health assessments, screening for short-term episodic care and services necessary for the treatment of acute illness, injuries and emergencies~~
- ~~• Mental Health Services — direct and/or referral services by a registered nurse including crisis management, short-term personal counseling, alcohol/drug counseling, stress management, suicide prevention, mental health assessment and eating disorders counseling~~
- ~~• Laboratory Services — provided by a licensed, contracted laboratory~~
- ~~• Prescriptions — provided for what is not available through Health Services~~
- ~~• Community Referrals — radiology, dental, optometric, and other services~~
- ~~• Health Education and Wellness Programs — provided by registered nurses and health education personnel~~
- ~~• Physical Examinations — the required pre-admission history and physical for students to enter academic programs~~

The Health Services facilities and environment shall comply with all applicable local, state, and federal building codes and regulations.

~~Also refer~~ The latest information on Student Health Services is updated regularly to in the college catalog and class schedule.

Education Code Section 76355 authorizes community colleges to offer health supervision and services and to charge students a fee for those services. (See BP/AP 5030 titled Fees) Students who enroll for credit classes in the District pay the student health fee during Fall, Spring and Summer Sessions.

Both colleges maintain a Student Health Service designed to facilitate emergency response to limited medical care and nursing assessment for the well-being of students in ways which increase their potential for educational success. Specific services may include personal counseling, limited medical treatment, contraceptive counseling, and screening procedures for blood pressure, vision, pregnancy, hearing, and tuberculosis. The Health Services offer optional Illness/Accident and Dental/Vision Insurance Plans at nominal cost to all registered students. Health education materials and referrals to community health resources are available daily.

Health Services may carry out special programs such as health education, blood drives, weight reduction, smoking cessation, and stress management workshops as well as various screenings and consultations.

Any currently enrolled student may use the colleges' Student Health Services. While students in non-credit programs, such as community education programs do not pay health fees, they may be charged the student health fee if they use the colleges' Student Health Services.

Non-students, such as employees, may receive services such as flu vaccine or tuberculin skin testing, and are charged a fee for these services.

The college general budget may augment the Student Health Services budgets for services and supplies that are used by non-students.

Operational hours maintained by each college's Student Health Services are designed to support student needs, as resources permit.

Title 5 Section 54220

The District has a Student Equity Plan. The Plan is filed as required to the California Community Colleges Chancellor's Office, following approval by the Board of Trustees.

The Student Equity Plan shall be developed, maintained, and updated under the supervision of the Chief Student Services Officer at each college.

The Student Equity Plan addresses and includes:

- the active involvement of and input from groups on campus
- involvement by appropriate people from the community who can articulate the perspective and concerns of historically underrepresented groups.
- campus-based research as to the extent of student equity.
- institutional barriers to equity.
- goals for access, retention, degree and certificate completion, English as a Second Language (ESL) and basic skills completion, and transfer for each historically underrepresented group.
- activities most likely to be effective to attain the goals, including coordination of existing student equity-related programs.
- sources of funds for the activities in the Plan.
- a schedule and process for evaluation of progress toward the goals.
- an executive summary that describes the groups for whom goals have been set, the goals, the initiatives that the District will undertake to achieve the goals, the resources budgeted for that purpose, and the District officer or employee who can be contacted for further information.
