

# LPC Caring Campus

**Caring Campus is an evidence-based program created by the Institute for Evidence-Based Change (IEBC) that helps to create a more caring and supportive campus environment through student-centered behaviors.**

**Studies show that when students feel a greater sense of belonging, they persist and achieve their academic goals at a higher rate.**

OFFICE**

**Because Classified Professionals are generally the 1st point of contact for most students and can be integral to student success, they are spearheading the Caring Campus effort at LPC with the support of Dr. Foster and Dr. Wilson**

# Caring Campus in California and beyond

As of fall 2022, over 100 Caring Campus colleges in 19 states are working to positively impact over one million students

The CCCCO began funding Caring Campus in 2018. Since then over half of the 116 Californai Community Colleges have adopted Caring Campus.
