Non-Major Courses

Name of Department: Physics and Astronomy

With the organization scheme below, we can measure all SLOs for all courses over a 3-year cycle. Additionally, we have aligned the PHYS 2A/2B series to match the cycle of the PHYS 1 series for ease of discussion when the department meets annually in the fall to discuss SLO results. We have also aligned all GE courses (PHYS 10, ASTR 10, ASTR 20) so that similar SLOs are measured in the same year of the cycle.

	Year 1 (2020-21)		Year 2 (2021-22)		Year 3 (2022-23)
